

CABBABE PLASTIC SURGERY

Cosmetic Prepayment/Scheduling/Rescheduling & Cancellation Policies

Prepayment

Prepayment for your surgery is due 30 days in advance of your surgery date. If prepayment is not made, your surgery will be cancelled.

Surgery Scheduling

There is a non-refundable surgery scheduling fee of \$1,000 due at the time you schedule. This amount applies towards the prepayment that will be due 30 days prior to your surgery.

Rescheduling

If it becomes necessary to reschedule your surgery, there is a \$500 rescheduling fee due when you call and reschedule. This reschedule needs to occur 30 days prior to current scheduled date, and this fee does not apply to any prepay.

Cancellation

There is a cancellation fee of 10% of the physician fee on surgeries cancelled within 30 days of the surgery. If the surgery is cancelled within 48 hours prior to Surgery (2 business days) that fee increases to 50% of the physician fee. If there is a medical reason for cancellation, those fees may be waived at our discretion when documentation with the reason is provided from a medical professional. If a surgery has been cancelled and the patient decides to schedule the surgery at a later time, this will require a new quote.

Other information

Surgery that is on the books for more than 12 months from the office visit, or where significant weight changes have occurred (10 lbs. or more), will be subject to an updated quote. Hospital and Anesthesia fees are estimated quotes and since these are a third party, should their rates increase, we will provide that to you in a new quote.

Virtual Patients & Existing Patients

No quotes are finalized until you have an in-person examination. We encourage you to do that well in advance of surgery so there are no last-minute changes.

Thank you for your understanding in these matters.
